

Title I Datamart – Table Structure
(CS_ADHOC_TITLE1_REPORT)

Facilitates the creation of the following reports:

- Title I Plan vs. Actual (and statewide)
- Title I Total vs. Non Low Income Participation (and statewide)
- Title I Total vs. Out of School Youth (and statewide)
- Title I Participant Characteristics Outcomes (and statewide)

FIELD NAME	DESCRIPTION / LOGIC
Applicant ID	One record will be created for each Applicant (Applicant ID to be listed in this field) for each instance of enrollment into the Title I Adult, Dislocated Worker, or Youth programs, and for each SDA that the applicant has corresponding selected eligibility. An “instance of enrollment” is defined as any enrollment period with a start date (for example, if an applicant has been enrolled into Title I Adult, and then terminated from the program, and then re-enrolled, they are now in their second enrollment period, and will have two records in this table for the Title I Adult program).
Program ID	This field will contain the Program ID (Adult, DW, or Youth) for the applicant’s program enrollment.
SDA of Eligibility	This field will contain the SDA Code for the SDA with selected eligibility for the applicant’s program enrollment.
Program Start Date	This field will contain the Program Start Date for the applicant’s program enrollment.
Program End Date	This field will contain the Program End Date for the applicant’s program enrollment, as long as they are currently terminated from the program. If they are still enrolled in the program, then this field will remain null.
Local Office ID	This field will contain the Local Office ID for the office that actually enrolled the applicant into the specified program.
Entered Employment	This field will only be populated for applicants that have terminated from the program, and will contain the Start Date of the first Employment record (based on Start Date) that the applicant received that meets the following conditions: <ol style="list-style-type: none"> 1) Job Start Date must be greater than Program Start Date, AND 2) Job Start Date must be less than or equal to the Program End Date plus one day, AND 3) Job End Date must either be null, or greater than the Program End Date. <p>This field will remain null if there are no Job Placement records that meet these conditions.</p>
Job Service ID (for EE)	This field will only be populated for applicants that have terminated from the program, and will contain the Job Service ID for the Job Placement record identified by the criteria for the Entered Employment field.
Job History ID	This field will contain the Job History ID for the Job History record for the applicant with a Start Date closest to (but not greater than) the Program Start Date. If a Job History record exists with a Type

	equal to “Employer of Dislocation” or “Both”, then this record will take precedence over any other Job History records.
--	---

Entered Adv Training	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Advanced Training, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Entered Post Sec Educ	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Post Secondary Education, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Entered Military Service	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Military Service, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Entered Qual Apprentice	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Qualified Apprenticeship, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Called Back / Recall	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Called Back - Recall, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Attending Secondary School at Exit	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Attending Secondary School at Exit, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.

Other Exits	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcomes Enhancements / Institutionalized, Health Medical, Deceased, Family Care, Lacks Transportation, Cannot Locate, Moved from Area, Lost Child Care, Substance Abuse or Dependence, Other – Services Completed, Met All Program Goals, or Other – Services Not Complete, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null. If more than one such service exists, then use the service with the earliest Service Date.
Exclusion Exits	This field will only be populated for applicants that have terminated from the program, and will contain the Service Date if the applicant has received a General Service of Outcomes Enhancements / Institutionalized, Health Medical, or Deceased, with a service date on or after the Program Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null. If more than one such service exists, then use the service with the earliest Service Date.
Attained HS Diploma	This field will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Attained HS Diploma or Attained GED/HS Equivalency, with a service date on or after the Program Start Date and on or before the Program End Date (if not null) plus 180 days. If no such service exists for the applicant, then the field will remain null.
Attained Credential	This field will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Attained State Credential (any of the five types of state credentials should be accepted), with a service date on or after the Program Start Date and on or before the Program End Date (if not null) plus 180 days. If no such service exists for the applicant, then the field will remain null.
Attained Youth Goals	This field will contain the Date Attained if the applicant has a Youth Goal with Attainment = Yes, and Date Attained on or after the Program Start Date and on or before the Program End Date (if not null) plus one day.
Low Income	<p>This field will contain a Y if the applicant meets the Low Income criteria, as follows:</p> <ol style="list-style-type: none"> 1) TAFDC = Yes, OR 2) EAEDC = Yes, OR 3) Refugee Assistance = Yes, OR 4) SSI = Yes, OR 5) Low Income (based on income) = Yes, OR 6) Food Stamps = Yes, OR 7) Barrier = Homeless and/or Runaway, OR 8) Barrier = Foster Child

Out of School	<p>This field will contain a value of Y if the applicant meets BOTH of the following conditions (defining out of school youth):</p> <ol style="list-style-type: none">1) Age on Program Start Date = 14 through 212) Applicant meets at least one of the following 2 conditions:<ol style="list-style-type: none">a. CS_APPLICANT_MAIN.IN_SCHOOL = No, and .HIGHEST_EDUCATION_GRADE<12b. .HIGHEST_DEGREE = “High School Diploma” or “General Equivalent Degree”, and at least one of the following conditions must be met:<ol style="list-style-type: none">i. CS_APPLICANT_TRAINING.READING_LEVEL<9 or .MATH_LEVEL<9ii. .LABOR_FORCE_STATUS = “No, Unemployed”
---------------	---

**Participation Activity by Funding Source (and statewide) -only course enrollment in this table
Title I Participant Activity Exit Outcomes (and statewide)**

Note: we are listing all funding sources for an applicant in this table, even if they weren't specifically used to fund the enrollment – this is a change from previous report logic.

FIELD NAME	DESCRIPTION / LOGIC
Enrollment ID	Create one record for every Enrollment ID, and for every “selected” funding source/SDA combination for the corresponding applicant (from the table CS_APPLICANT_ELIGIBILITIES)
Applicant ID	This field will contain the Applicant ID for the specified enrollment record.
Funding Source ID	This field will contain a Funding Source ID for the applicant. An additional record will be created for every “selected” funding source / SDA combination that the applicant has been determined eligible for, regardless of the funding source that is actually funding the enrollment.
Specified Funding Source	This field will contain a Y if the specified Funding Source ID has been selected in the application to fund this enrollment.
SDA of Eligibility	This field will indicate the SDA associated with the selected Funding Source ID. If two different SDAs have selected eligibility for the same funding source, then two records will appear in this table, each with the same Funding Source ID, but with two different SDAs.
Activity Category	This field will be contain the Activity Category for the Course associated with the Enrollment ID.
Enrollment Start Date	This field will contain the Start Date for the specified enrollment record.
Completion Status	This field will contain the following values: <ul style="list-style-type: none"> • 1 for “Completed Satisfactorily” • 2 for “Did Not Complete” • 3 for “Did Not Complete by Date of Exit” • 4 for “Pending”
Completion Date	This field will contain the Completion Date for the Enrollment ID, as long as the status is not still Pending.
Title I Program End Date	This field will only be populated if the Funding Source ID for this record is Title I Adult, DW, or Youth, and the applicant has terminated from the corresponding program with a Program End Date on or after the Enrollment Start Date. If this condition is met, then the Program End Date will be listed in this field.
Entered Employment	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Start Date of the first Employment record (based on Start Date) that the applicant received that meets the following conditions: <ol style="list-style-type: none"> 1) Job Start Date must be greater than Enrollment Start Date, AND 2) Job Start Date must be less than or equal to the Program End Date plus one day, AND 3) Job End Date must either be null, or greater than the Program End Date.

	This field will remain null if there are no Job Placement records that meet these conditions.
Job Service ID (for EE)	This field will only be populated for those applicants with a date in the Entered Employment field, and will contain the Job Service ID for the Job Placement record identified by the criteria for the Entered Employment field.
Entered Adv Training	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Advanced Training, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Entered Post Sec Educ	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Post Secondary Education, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Entered Military Service	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Military Service, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Entered Qual Apprentice	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Entered Qualified Apprenticeship, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Attained Credential	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Attained State Recognized Credential (any one of the five), with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Attained HS Diploma	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome Enhancement / Attained HS Diploma or Attained GED/HS Equivalency, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Called Back / Recall	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcome

	Enhancement / Called Back Recall, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null.
Other Non-Positive Term	This field will only be populated for those applicants with a date in the Title I Program End Date field, and will contain the Service Date if the applicant has received a General Service of Outcomes Enhancements / Institutionalized, Health Medical, Deceased, Family Care, Lacks Transportation, Cannot Locate, or Other – Services Not Complete, with a service date on or after the Enrollment Start Date and on or before the Program End Date plus one day. If no such service exists for the applicant, then the field will remain null. If more than one such service exists, then use the service with the earliest Service Date.

Participation Activity by Funding Source (and statewide) -only services in this table

FIELD NAME	DESCRIPTION / LOGIC
Service ID	Create one record for every Service ID, and for every “selected” funding source/SDA combination for the corresponding applicant (from the table CS_APPLICANT_ELIGIBILITIES).
Applicant ID	This field will contain the Applicant ID for the specified service record.
Funding Source ID	This field will contain a Funding Source ID for the applicant. An additional record will be created for every “selected” funding source / SDA combination that the applicant has been determined eligible for.
SDA of Eligibility	This field will indicate the SDA associated with the selected Funding Source ID. If two different SDAs have selected eligibility for the same funding source, then two records will appear in this table, each with the same Funding Source ID, but with two different SDAs.

Start here.....

Note: Something must be done in the above tables so that enrollments and services only count in this report if the applicant was enrolled in the corresponding program at the time of the enrollment/service.

Les: If we look at funding sources FUNDING the enrollment, then we can create this table for ALL funding sources. If we want to count all funding sources (if the applicant is enrolled in the program), then we will only be able to do Title I stuff in this table.
